

RIGHT ATTITUDE AND DIRECTION IN THE LIFE

- To inculcate Capabilities in children for doing 'What is right' - Constitutional (4.28)
- Curricular Integration of Essential Subjects, Skills, and Capacities (4.23)
- Experiential Learning (4.6)
- Holistic Development (4.4)
- Student Assessment and Evaluation (Para 4.35)
- Teacher/Faculty Training (Para 5.14)

NEP 2020 (Clause-4.28)

Students will be taught at a young age the importance of "doing what's right and will be given a logical framework for making ethical decisions. In later years, this would then be expanded along themes of cheating, violence, plagiarism, littering, tolerance, equality, empathy, etc., with a view to enabling children to embrace moral/ethical values in conducting one's life, formulate a position/argument about an ethical issue from multiple perspectives, and use ethical practices in all work."

The aim of education will not only be cognitive development, but also building character and creating holistic and well-rounded individuals.

Specific sets of skills and values across domains will be identified for integration and incorporation at each stage of learning, from Pre-school to higher education.

Curriculum frameworks and transaction mechanisms will be developed for ensuring that these skills and values are imbibed through engaging processes of teaching and learning.

giving wings to YOUR dreams

HEMA FOUNDATION is a philanthropic arm of Ram Ratna Group which works towards imparting CULTURAL & MORAL EDUCATION to children at a very impressionable young age. The foundation looks to enlighten children about the key roles played by parents and society in shaping them into fine individuals. It aims to cultivate better and compassionate understanding of their responsibilities towards Self, Family, Society, the Nation at large, and help them become better human beings.

The importance of Value Education has been long recognized but the methods to impart have not been definitive. Seeing is Believing. There is no impact quite like a visual impact. With this understanding, the foundation has produced 50 short films like Sahas, Sevabhab, Paropkar, Swachhata, Sankruti on Human Values with strong meaningful messages. An interactive session between the teacher and the children on the relevant subject, followed by playing of the short film, short videos, activities and project based learning and ending with resolutions, have proved to be a high impact method to drive the point across into the hearts and minds of children.

Vision

We aim to cultivate a conscious understanding of human values in individuals in order to help them coexist peacefully and harmoniously.

Mission

Our mission is to awaken the spirit of value based living in all individuals at school, organizational and community levels through well researched and structured programs resulting in a responsible, effective and harmonious existence for all.

"वसुधैव कुटुंबकम्"

Vasudhaiva Kutumbakam ("vasudha", the earth; "iva", is ; and "kutumbakam", family). This Sanskrit phrase literally translates to mean that the whole world is one single family. The Sages have said that the entire world is truly just one family connected with thoughts, emotions, humanity and humility.
